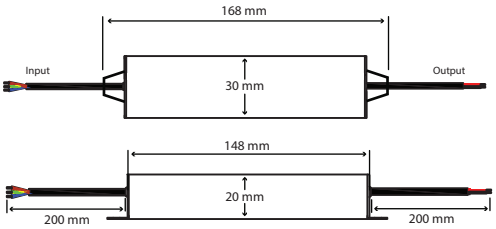
# 20W, 24v Standard Driver

LEDD-IP2024

COM



IP67 | DC 24V | 3 Year

Product Reference: LEDD-IP2024

FOSS Standard Drivers are compatible with all 24v LED Strip products and controllers and feature an IP67 casing for good heat dissipation and increased longevity ; for further information please contact us on 0203 198 1908.

Technical Specification:

| | | |
|---|---|---|
| Output | Ouput Power<br>Voltage<br>Rated Current | 20w<br>24v<br>0.83A |
| Input | Input Voltage Range<br>AC Frequency<br>Power Factor<br>Efficiency<br>AC Current | 170 - 265V<br>47 - 63 Hz<br>>0.55<br>>83%<br>0.18A |
| Environment | Working Temp<br>Store Temp | -30°C - +55°C<br>-40°C - +85°C |
| Protection | Short Circuit<br><br>Protection Rating<br>SELV<br>Overload | Hiccup Mode, recover after fault condition is removed<br>IP67<br>Yes<br>100-130% Shut down O/P voltage, repower onto recover |
